October 16, 2021

One of the most infamous serial killers in American history, Water White, AKA the "Night Stalker," was reported dead of natural causes last year. Rumor says another prisoner found a weird-looking machine in the cell of "Night Stalker", and disappeared a few days later. You wake up one day, and find yourself locked in a cramped cell. You are cold and alone. Silence surrounds and holds you. Suddenly, you realize this is the mysterious cell the "Night Stalker" died. Your heart is pounding.
